RE: ML 45609, Papoose Limestone Mine, San Juan Co., Utah

Dear Mr. Williams:

Enclosed please find the following documents to be completed by Cotter Corp. for the Papoose Mine application.

1. DOGM Reclamation Contract, Form MR-RC. Please contact Tony Gallegos, 801-538-5267, if you have any questions regarding this form.
2. Trust Lands Administration, Bond of Lessee surety bond form. A bond rider sufficiently increasing the amount of your existing surety bond, #U247-55-86, shall be acceptable. Alternatively, you may use the enclosed bond form to obtain a new surety bond. Please contact me if you have any questions regarding bonding.

The actual amount of bonding to be required shall be determined by the Division of Oil Gas & Mining and the Trust Lands Administration upon completion of our review of your mining and reclamation plan. It is anticipated that the total bond will not exceed \$5,000 per acre of disturbance, or \$100,000 for the entire 20 acre project.

Sincerely,

JOHN T. BLAKE  
MINERAL RESOURCES SPECIALIST
